

Diy Hollow Shaft Rotary Encoder For PCB Mounting EC28B10V02

Basic Information

Product Specification

Model NO.: EC28B10V02

• Package: -

• Installation Form: -

• Brand: Taowaves

Axonia:

• Customized: Support Customization

Transport Package: CartonSpecification: 28mm

• Trademark: TAOWAVES

• Origin: China

Type: Rotary Encoder
 Working Principle: Incremental
 Readout Mode: Contact

Operating System: Contact Brush TypeSignal Output: Voltage Output

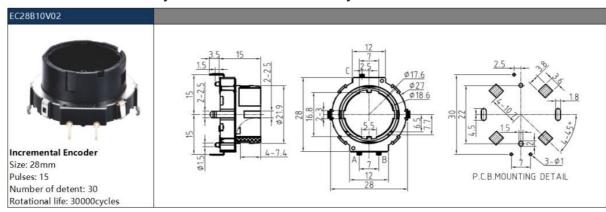

Product Description

EC28 Hollow Shaft Rotary Encoder PCB Mount Rotary Encoder

EC28 Series Product Specifications

1.Electrical Characteristics

Rated voltage: DC 5V

Resolution: 15pulses/360°

Insulation resistance: $100M\Omega$ Min at DC 250V Dielectric strength: 1 minute at AC300V

Phase Difference: 15≥5.6ms

2.Mechanical Characteristics

Total ratational angle: 360°(Endless)

Detent torque: 5~25mN.m.(50~250gf.cm)

3.Endurance Characteristics

Rotational life: 30,000cycles

Operating temperature range: -30°C to+80°C

Storage temperature range: -40°C to+85°C

Our Factory

Company Introduction

Dongguan City Taotao Electronics Co., Ltd, was established in May 2014 and is now located at Weichang Road, Chashan Town, Dongguan City. It has14,000 square meters of standard factory buildings and dormitories, whichhas beautiful environment and convenient transportation. We are a national high-tech enterprise which professional in designing, manufacturing and selling encoders, potentiometers, switches, sensors, and encoder smart modules The components are extensively utilized for white household electrical appliances, small home appliances, smart home appliances, car audio. bluetooth audio, multimedia audio, instrumentation, medical equipment electronic cigarettes, computer peripheral communication equipment. aviation model aircraft and other fields.

Taotao has engaged excellent technical R & D personnel in the industryand management personnel with abundant experiences since establishment. They have been developing new products and conducting improvement and upgrading to meet clients' requirements. For guaranteeing the products qualitythey continuously enhances the percentage of self-production for the key parts. like 100% self-producing for plastic parts and lathing shafts, and invest for developing automatic producing machines and testing instruments.

Application:

FQA:

1.What are the advantages of your factory?

Our factory has mold manufacturing workshop, plastic injection molding workshop and lathe center. 80% of the raw materials are supplied by ourselves to ensure that the quality and delivery speed are higher than those of our peers.

2.Do you support customization?

Yes, customization is supported, we need you to provide drawings, usage and requirements.

3. What is your shipping port and the term of payment?

Ex-work or FOB Shenzhen.

30% paid in advance, 70% balance before shipment by T/T. (First transaction requires 100% payment in advance.)

4. How long is your lead time?

It will take 3workdays for samples,7-15workdays for mass production.

5.Can I get samples from you?

Small amount of samples can be provided for free, but customers need to pay for air freight themselves.

6.What's your MOQ?

Our MOQ is 2K. If it is a small batch order, the price needs to be increased appropriately.
